

## *Goal of the Board of Education*

*The goal of the Board of Education is to conduct Board business openly, solicit, and encourage broad based involvement by the public, staff, and students in the Board's decision-making processes.*

*The Board believes every attempt should be made to form "partnerships" among the schools, the staff, and the community.*

## *Philosophy of Education*

*The primary purpose of  
South Country School District*
